Tokens

Stamp supports external access through scoped API tokens. Tokens are associated with individual user accounts, and have the same access permissions as the user who created them. All API actions in Stamp are restricted by scopes.

| Name | Scope | Last Seen | |
|---|--------------|----------------------------|--------|
|  | Read / Write | 24 Jun 2020 09:55:15 +0000 | Revoke |

Personal Access Token

Here is your new personal access token. This is the only time it will be shown so don't lose it! You may now use this token to make API requests.

[Placeholder text for the personal access token]
